

we bring the world closer.

Head office and Warehouse

GDT Logistic S.p.A. have registered and executive offices based in Genoa and integrated logistic platform at Milan Malpensa Airport with its own National and bonded Warehouse.

Food sector

Our in-depth knowledge of customs and transport issues related to animal and vegetable products by road, sea and air, have allowed us to acquire significant volumes of import and export traffic, on behalf of the major companies in Italy.

Shipments of fruit and vegetables, of fresh and frozen meat and fish are made in controlled temperature REEFER containers, using the most suitable carriers in terms of routing and transit time.

Shipments of bulk volumes of wine, fruit juice and oil take place in FLEXITANK approved in accordance with the strict FDA (us food and drug administration) tests.

Chemical sector

This is our traditional sector of reference, and one in which GDT Logistic boast absolute leadership amongst the Freight Forwarding companies, with a long list of references, including major manufacturing and trading companies of commodities and specialities, to which we offer not only a solid, documental experience, but also qualified chemical consultancy.

The experience acquired in transporting safely chemical products, make GDT Logistic a 100% reliable partner for transport by road, sea and air, in compliance with the strict international ADR IMO DG directives.

Shipments of bulk liquid products take place in ISOTANK and FLEXITANK, in case of non IMO chemicals, whose use is supported by material compatibility tests and the installation carried out by qualified staff at our centre in Genoa.

Plant sector - cargo project

Our skill in transporting exceptional loads in terms of dimensions and weight, in Italy and all over the world, entrusted to the most expert and reliable carriers, our awareness of road and sea transport regulations, all come together to make GDT Logistic your perfect partner for the organisation of the shipment of industrial plants and machinery in BREAK BULK, or with the use of special equipment, such as FLAT RACK, PLATFORM and OPEN TOP.

Major electromechanical and engineering companies exploit GDT Logistic's international network for door-to-door shipment to and from any geographical area, involving GDT Logistic specialists in the PROJECT development.

Textile sector

Many years of activity in the import of textile products, be they rolls of fabrics, semi-worked or finished products, boxed or hanging garments have allowed GDT Logistic to develop great experience in managing IMPORT LICENCE for items arriving from the Far East and the Indian subcontinent, and the correct allocation of customs duties. Our customs declarers deal with your imports quickly and efficiently.

C.A.D. Customs Assistance Centre - A.E.O. Authorized Economic Operator

The standards we have reached in terms of reliability and solidity, allow GDT Logistic to offer our customers customs representation by means of C.A.D. procedures, thereby obtaining a significant reduction in the risk of goods inspection, which is a major cause of delay in deliveries and consequent cost increases.

C.A.D. qualification means the joint co-responsibility with the importer for customs operations. It requires a company structure that is able to guarantee careful tracking of documents, in remote connection with the offices of the Customs Administration.

Quality and association

Our activities and procedures have obtained certification of the company quality system in accordance with ISO 9001:2008 standard. GDT Logistic are also a member of the most accredited national and international transport associations Iata, FIATA and Federsped.

La nostra compagnia

Fondata nel 1905, GDT Logistic è una delle realtà storiche dello shipping genovese, avendo partecipato all'evoluzione del trasporto delle merci via mare, dal carico delle rinfuse a bordo degli ultimi velieri fino allo stivaggio dei container sui liner oceanici attuali.

Il continuo adeguamento alle mutate esigenze del trasporto via terra, mare ed aereo, e l'ampliamento dei servizi offerti, ha consentito a GDT di crescere ed affermarsi come partner ideale per la propria clientela grazie ad una moderna struttura e ad una piattaforma logistica integrata fra il porto di Genova e l'aeroporto di Milano Malpensa.

Our Company

Founded in 1905, GDT Logistic is a historic Genoese shipping company that has taken an active part in the evolution of sea transport of goods, from the loading of merchandise on board the latest sail ships, through to the stowage of containers on current ocean liners. A continuous upgrade to meet the changing requirements of transport by road, sea and air, and the expansion of the services offered, has allowed GDT to grow and become a confirmed ideal partner for their customers, thanks to a modern structure and integrated logistics platform between the port of Genoa and the airport of Milan Malpensa.

Locations ed international network

GDT Logistic SpA ha sede ed uffici operativi a Genova, nella centralissima torre S.Camillo di via XII Ottobre, da cui vengono gestite le spedizioni via mare da e verso tutti i porti italiani, e le relative operazioni doganali di import ed export.

Dispone di uffici, aree di stoccaggio di 9000 mq ed un **magazzino strutturato di 3000 mq, sia nazionale che allo stato estero**, ed una flotta camionistica di proprietà presso l'aeroporto di Malpensa per la gestione del traffico aereo e dei propri contenitori consolidati.

Un network di partner ed agenti qualificati nelle principali aree geografiche del pianeta, consentono di gestire con tempestività ed efficacia qualunque spedizione **door-to-door** via mare od aerea.

Locations and international network

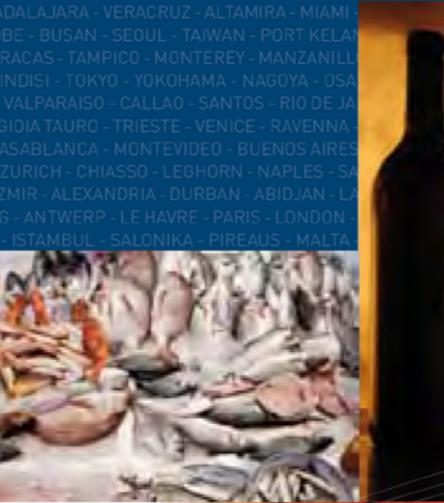

GDT Logistics SpA has registered and operative offices based in Genoa, in the centrally-located S. Camillo tower in Via XII Ottobre, from where the sea shipments to and from all Italian ports, and the relative customs import and export operations, take place.

A Branch Office plus 9000m² storage areas and a **structured 3000m² national and bonded warehouse**, as well as our own fleet of trucks at the airport of Malpensa, is available to manage our air traffic and our consolidated containers.

A network of qualified partners and agents in the main geographical areas the world over, allow us to manage any **door-to-door** shipment by sea and by air with greatest efficiency.

Core Businesses

Settore chimico

È il settore tradizionalmente di riferimento in cui GDT vanta un'assoluta leadership fra le Società di Spedizioni, avendo come referenze un lungo elenco di primarie aziende produttrici e commerciali di commodities e specialties, alle quali offre non solo una solida esperienza documentale, ma anche una qualificata consulenza chimica.

L'esperienza acquisita nella movimentazione di prodotti chimici fanno di GDT un partner di assoluta affidabilità per gestire il trasporto via terra, mare ed aereo in modo conforme alle severe direttive internazionali IMO ADR DG.

Spedizioni di prodotti liquidi bulk in **ISOTANK** e **FLEXITANK** idonee ai chimici non IMO, il cui utilizzo è supportato da test di compatibilità dei materiali e dall'installazione da parte di personale qualificato presso il nostro centro di Genova.

Chemical sector

This is our traditional sector of reference, and one in which GDT boasts absolute leadership amongst the Freight Forwarding companies, with a long list of references, including major manufacturing and trading companies of commodities and specialities, to which we offer not only a solid, documental experience, but also qualified chemical consultancy. The experience acquired in transporting safely chemical products, make GDT a 100% reliable partner for transport by road, sea and air, in compliance with the strict international ADR IMO DG directives.

Shipments of bulk liquid products take place in **ISOTANK** and **FLEXITANK**, in case of non IMO chemicals, whose use is supported by material compatibility tests and the installation carried out by qualified staff at our centre in Genoa.

Settore impiantistico - project cargo

La competenza sulla movimentazione dei carichi eccezionali per dimensioni e peso in Italia e nel resto del mondo, affidata ai vettori più esperti ed affidabili, e la conoscenza delle normative per il trasporto via terra e via mare pongono GDT come il partner ideale per l'organizzazione della spedizione di macchinari ed impianti industriali in **BREAK BULK**, o con utilizzo di special equipments, quali **FLAT RACK**, **PLATFORM** ed **OPEN TOP**.

Primarie Società Elettromeccaniche e di Engineering si avvalgono del network internazionale di GDT per le loro spedizioni door-to-door da e verso qualunque area geografica, coinvolgendo gli specialisti di GDT nell'elaborazione del PROJECT.

Plant sector - cargo project

Our skill in transporting exceptional loads in terms of dimensions and weight, in Italy and all over the world, entrusted to the most expert and reliable carriers, our awareness of road and sea transport regulations, all come together to make GDT your perfect partner for the organisation of the shipment of industrial plants and machinery in **BREAK BULK**, or with the use of special equipment, such as **FLAT RACK**, **PLATFORM** and **OPEN TOP**.

Major electromechanical and engineering companies exploit GDT's international network for door-to-door shipment to and from any geographical area, involving GDT specialists in the PROJECT development.

A collage of three images. The top-left image shows a large commercial airplane flying from left to right against a clear blue sky. The bottom-left image is a close-up, low-angle shot of the side of an airplane, showing the engine and part of the fuselage. The right image shows a white, angular building or industrial structure set against a bright, overexposed sky.

C.A.D. - Centro di Assistenza Doganale

Grazie ai requisiti raggiunti in termini di affidabilità e solidità, GDT Logistic SpA è abilitata ad offrire ai propri clienti la rappresentanza doganale mediante l'utilizzo delle procedure C.A.D., ottenendo così una sostanziale riduzione del rischio di verifica merce, causa di ritardi di consegne e conseguente aggravio di costi.

L'abilitazione C.A.D. implica la corresponsabilità solidale con il proprietario della merce per l'operazione doganale, e richiede una struttura aziendale in grado di garantire una scrupolosa gestione della documentazione relativa, in collegamento telematico con gli uffici dell'Amministrazione Doganale.

C.A.D. - Customs Assistance Cen

The standards we have reached in terms of reliability and solidity allow GDT Logistic Spa to offer our customers customs representation means of C.A.D. procedures, thereby obtaining a significant reduction in the risk of goods inspection, which is a major cause of delay in delivery and consequent cost increases.

C.A.D. qualification means the joint co-responsibility with the importers for customs operations. It requires a company structure that is able to guarantee careful tracking of documents, in remote connection with the offices of the Customs Administration.

we bring the world closer

St

La gestione delle varie tipologie di merci ed i volumi di traffico import ed export, hanno richiesto lo sviluppo di competenze sul commercio internazionale, sulle modalità trasportistiche e normative doganali sia nazionali che internazionali.

La clientela di GDT può contare su figure professionali specializzate che usufruiscono di un processo di **aggiornamento continuo** mediante la partecipazione a corsi, erogati da Enti ed Associazioni di categoria. Il risultato è un team aziendale coordinato ed efficiente.

Il risultato è un team aziendale coordinato ed efficiente, risposte puntuali e tempestive ad ogni richiesta del cliente. Un sistema informativo integrato consente di monitorare la spedizione, dall'apertura del booking fino alla consegna, mantenendo continuamente aggiornato il cliente sull'avanzamento.

Str

The management of the various types of goods and the volumes of traffic reached in import and export have required the development of specific skills in international commerce, transport methods, national and international customs regulations.

GDT customers can count on specialists who follow a **continuous education and training program**, by attending meetings and courses run by professional associations and organisations.

The result is a coordinated and efficient company team, able to provide a timely and punctual response to all customer demands.

An integrated computer system allows us to monitor all shipments, from the opening of the booking through to delivery at destination, keeping our customer continually updated on its progress.
